

We Want to Celebrate You and Your Accomplishments!

Apply to be a 2019 Harford County Family of Hope

What is a Family of Hope?

A successful Family of Hope is one who has shown tremendous character, commitment, and attitude in working towards their economic self-sufficiency goals. They are determined in both their words and their actions.

During the two (2) months of our Family of Hope campaign, we have six (6) mandatory sessions to further develop each family's unique vision and assist them in working towards their goals. Previous families have found these sessions to be both inspirational and motivational. You will too!

On November 1st, our Families of Hope will be honored at our annual event, Celebration of Hope.

Class session attendance is required. See schedule for more information.
